

PREFACE

THE YEAR OF OUR LORD 2006 marks the 25th anniversary of Mid-America Reformed Seminary and is an appropriate year for the auspicious endeavor of publishing the first index to the *Mid-America Journal of Theology*. This index encompasses the seventeen volumes published from the fall of 1985 through 2006.

The index is organized into four sections: articles, book reviews, book reviewers, and book reviews by title. The article index alphabetically lists the authors and in chronological order lists the articles written by each author. The index to book reviews is a numbered list of books reviewed, organized alphabetically by author with the reviewer's name in parenthetical notation. The index to book reviewers lists each reviewer in alphabetical order and references item numbers from the previous index. A helpful addition to this index is the final section, listing book reviews by title.

The bibliographical information of the books reviewed and all material in this index have been checked and double-checked for accuracy. Nevertheless, recognizing that no one is perfect, we humbly ask your forgiveness for any errors that may appear.

An undertaking of this scope would not be possible without the assistance of many individuals. I would like to thank Sarah Boer and Cindy Stewart, each who worked on earlier phases of this project; I would particularly like to thank Glenda Mathes for her careful assistance in the final editing of this index.

It is hoped that this index will make the journal more serviceable to its growing readership and will promote understanding and interest in the work of Mid-America Reformed Seminary and the work of the wider theological academy.
